

*TDA 1518Q*

The image shows a schematic diagram of a TDA 1518Q integrated circuit. The chip is represented as a white rectangle with a black outline. It features a semi-circular notch on the left side and a semi-circular protrusion on the right side. The text "TDA 1518Q" is printed in a bold, italicized, black font in the center of the chip. Along the bottom edge, there are 18 vertical pins of varying lengths, arranged in a regular pattern.
